## CONDITIONS OF THIS PERMIT

1. The permittee shall exercise this privilege subject to the supervision of the Superintendent, and shall comply with all applicable laws and regulations of the area.
2. Damages - The permittee shall pay the United States for any damage resulting from this use which would not reasonably be inherent in the use which the permittee is authorized to make of the land described in this permit.
3. Benefit - Neither Members of, nor Delegates to Congress, or Resident Commissioners shall be admitted to any share or part of this permit or derive, either directly or indirectly, any pecuniary benefit to arise therefrom: Provided, however, that nothing herein contained shall be construed to extend to any incorporated company, if the permit be for the benefit of such corporation.
4. Assignment - This permit may not be transferred or assigned without the consent of the Superintendent, in writing.
5. Revocation - This permit may be terminated upon breach of any of the conditions herein or at the discretion of the Superintendent.
6. The permittee is prohibited from giving false information, to do so will be considered a breach of conditions and be grounds for revocation: [RE:36 CFR 2.32(a)(3)].
7. Permittee will comply with applicable public health and sanitation standards and codes.

Duck Blind Permit

8. This permit will expire March 31, 2012.
9. This permit is applicable only for the use of the area marked on the official topographic map and under the terms designated below.
10. No more than two duck blinds may be registered per person.
11. This permit grants the permit holder the authorization to construct the number of blinds indicated (limited two), in the locations specified; the permit DOES NOT grant exclusive use of public lands/waters on which the blind is located, either for the purpose of hunting or for any other activity. Hunting on any area of public land (including locations immediately adjacent too authorized constructed blinds) is governed on a first-come first-served basis.
12. All duck blinds placed on/inside the established boundary for Cape Lookout National Seashore shall be lightweight in design or construction, so as to allow complete, easy removal at the expiration of the permit, with a minimum disturbance of the marsh. No permanent structures will be permitted.
13. Blinds may be placed in position beginning September 20, 2011, or the date of this permit (whichever is later). All blinds must be completely removed no later than midnight, March 31, 2012.
14. It is the responsibility of the Permittees to ensure that their blinds are at least 500 yards from any other blind located within the park boundary.
15. Permits are valid only while possessing a current North Carolina hunting license with valid Federal duck stamp and photo identification.
16. Permittee will abide by all Federal and North Carolina Hunting Regulations. These regulations are enforced by U.S. Park Rangers, U.S. Fish and Wildlife Service Officers, and North Carolina Wildlife Officers.
17. Permittee will allow inspection of the duck blind located within Cape Lookout National Seashore by National Park Service representatives, U.S. Fish and Wildlife Service Officers, and North Carolina Wildlife Officers at any time.
18. The Permittee will not store any gear and related items associated with this activity within the blind, or on park land and adjacent waters outside the duck blind.
19. The area authorized for use under this permit must be left in substantially the same condition as it was prior to the activities authorized herein.
20. The Permittee shall be liable for any damages to any Government property resulting from these activities.
21. The Permittee will not pollute or allow others to pollute park lands or State waters from any source.
22. Permittee shall report any accidents involving personal injuries or property damage within Cape Lookout National Seashore to the Superintendent as soon as possible.
23. All blinds are issued with an individually printed Park Duck Blind Permit number sheet. This printed permit number sheet must be posted on the uppermost portion of the blind on the side facing the sound. In addition, the same number must also be painted on the blind adjacent to the permit using 12" numbers, observable from the water by boat.
24. Nothing authorized under the conditions of the Permit will allow the Permittee or his representatives to threaten or prevent the enjoyment of other visitors using the national seashore, including baiting other Permittees' duck blinds.

25. In consideration for obtaining the privileges granted herein, the Permittee agrees to indemnify and save harmless the United States from any loss to it, including not only damage to Government property and injury to Government employees, but also judgments, settlements or compromises for property damage and injury to all persons for which the United States may be liable resulting from the exercise by the Permittee of the privileges granted herein.
26. Trespass (unnumbered) blinds, and blinds abandoned after the expiration of the permit on March 31, 2012, are subject to removal by National Park Service staff **without further notification of the Permittee.**
27. Individuals and permittees responsible for trespass or abandoned blinds are subject to prosecution (fines) for violation of 36 CFR 5.7 - Construction, 36 CFR 2.22 - Property, and/or 36 CFR 1.5 - Permits. In addition, the park may bill Permittees for removal of abandoned blinds. Materials recovered from confiscated blinds will not be returned to Permittees.

**BLIND REMOVAL**

28. The undersigned acknowledges that as the permittee he/she understands that if the blind/s they construct under this permit, is/are not removed by the specified time, they may be subject to fines, plus the cost of removal of said blind/s.

Additionally, permittees who are found to be in violation of the removal of blind/s, will lose the rights to reapply for a blind permit for a period of two years (two full seasons).
